Agency: U.S. Army Corps of Engineers, DoD.

Action: Notice of Intent.

Summary: The summary should briefly state in simple language what action is being taken, why the action is necessary, and the intended effect of the action. Extensive discussion belongs under the Supplementary Information caption.

For Further Information Contact: Questions about the proposed action and DEIS can be answered by: (Provide name, telephone number, and address of the person in the district or division who can answer questions about the proposed action and the DEIS).

Supplementary Information: The Supplementary Information should contain the remainder of the necessary information of the document. It should contain any authority citation, FEDERAL REGISTER citation to a previously published document, or CFR citation when appropriate and include a discussion of the following topics:

- 1. Briefly describe the proposed action.
- 2. Briefly describe reasonable alternatives.
- 3. Briefly describe the Corps' scoping process which is reasonably foreseeable for the DEIS under consideration. The description:
- a. Shall discuss the proposed public involvement program and invite the participation of affected Federal, state and local agencies, affected Indian tribes, and other interested private organizations and parties.
- b. Shall identify significant issues to be analyzed in depth in the DEIS.
- c. May discuss possible assignments for input into the EIS under consideration among the lead and cooperating agencies.
- d. Shall identify other environmental review and consultation requirements.
- 4. Indicate whether or not a scoping meeting will be held. Indicate time, date and location if a meeting is scheduled.
- 5. Provide an estimated date when the DEIS will be made available to the public. (Provide date)

(Signature)

See par. 3.b. for instructions on signature

Note

- Text to be double-spaced. Use block format.
- Place local billing code number at the top of the first page on all three copies.
- Margins—one inch on top, bottom and right side; and one and one-half inches on the left side.
 - Pages must be numbered consecutively.
 - Text should be typed on one side only.
- Use 8½ by 11 inch bond paper or photocopy paper.

PART 236—WATER RESOURCE POLI-CIES AND AUTHORITIES: CORPS OF ENGINEERS PARTICIPATION IN IMPROVEMENTS FOR ENVI-RONMENTAL QUALITY

Sec.

- 236.1 Purpose.
- 236.2 Applicability.
- 236.3 References.
- 236.4 Background.
- 236.5 Policy and procedure.
- 236.6 Other agencies EQ measures.

AUTHORITY: Pub. L. 738, 74th Cong.; Pub. L. 89–72; Pub. L. 91–190.

SOURCE: 45 FR 28714, Apr. 30, 1980, unless otherwise noted.

§236.1 Purpose.

This regulation provides guidance for including Environmental Quality (EQ) measures in Corps of Engineers water resource development plans.

§ 236.2 Applicability.

This regulation is applicable to all OCE elements and field operating activities having Civil Works responsibilities.

§236.4 Background.

(a) The role of the Corps of Engineers in the development of water and related land resources has gradually broadened over the past century. Starting with the development of navigation on the Mississippi River in 1824, the Corps role has grown to encompass, among others, flood control, beach erosion control and hurricane protection, hydroelectric power, recreation, water supply, water quality, fish and wildlife and low-flow augmentation. Laws, executive orders, and national policies promulgated in the past decade require that the quality of the environment be protected and where possible, enhanced as the nation grows. As a result, the Federal role in EQ, including the Corps, has continued to broaden. Balancing economic and environmental interests is a major requirement to be
